Photoshop & Canva

WORK EXPERIENCE

ASSOCIATE SOFTWARE DEVELOPER

Vizserve Private Limited | July 2025 – Present

As a full-stack developer at VizServe, I take charge of the entire development process—from crafting UI/UX designs to implementing frontend and backend systems. I work closely with the team to build modern, scalable web applications and deliver high-quality digital solutions tailored to client needs.

- Developed web apps using Next.js, Supabase, and Directus for dynamic backend APIs.
- Designed intuitive interfaces in Figma, then implemented them into responsive web layouts.
- Built and maintained WordPress sites for clients needing CMS-based solutions.
- Collaborated in a fast-paced team, delivering scalable features and API-driven platforms.

JUNIOR WEB DEVELOPER

Insightz Technology | Aug 2024 – May 2025

Designed and developed full-stack web applications using Next.js, React.js, Node.js, and MySQL. Created user-friendly UI/UX designs and responsive layouts with Figma and Photoshop. Collaborated closely with the team and reported progress to the CEO and stakeholders.

- Built and maintained full-stack web apps with modern tools.
- Designed responsive interfaces and web graphics aligned with project goals.
- Presented design progress and updates directly to the CEO and key stakeholders for feedback and alignment.
